**GOVERNMENT BY CONSENT**

RECORDED ON 12-18-2021

**Samuel Adams said**, *“If ever a time should come when vain and aspiring men shall possess the highest seats in government, our country will be in need of its experienced patriots to prevent its ruin.”*

**James Madison said**, *“Knowledge will forever govern ignorance, and a people who mean to be their own governors, must arm themselves with the power knowledge gives”.*

Unfortunately People don't know how to have “Government by Consent,” it's been hidden from them. Thomas Jefferson said, *“I know no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education. This is the true corrective of abuses of constitutional power.”* National Liberty Alliance is informing the People's discretion through Education and action to take back our government!

*“In the beginning of a change the patriot is a scarce man, and brave, and hated and scorned.  
When his cause succeeds, the timid join him, for then it costs nothing to be a patriot.”* –  
Mark Twain

*“A revolution is coming – a revolution which will be peaceful if we are wise enough; compassionate if we care enough; successful if we are fortunate enough – but a revolution which is coming whether we will it or not.*

*We can affect its character; we cannot alter its inevitability” - **President JFK***

The Revolution is Here, and National Liberty Alliance is JFK's Peaceful, Wise, Compassionate and will be Successful affect to that Inevitable Revolution that We the People see today as we Stand at the Precipice. In 1961 President John F Kennedy said, *“If you are awaiting a finding of ‘clear and present danger’, then I can only say that the danger has never been more clear; and, its presence has never been more imminent. It requires a change in outlook, a change in tactics, a change in mission; by the government, by the people, by every businessman or labor leader and by every newspaper. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence; on infiltration instead of invasion; on subversion instead of elections; on intimidation instead of free choice; on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly-knit, highly-efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations. Its preparations are concealed, not published; its mistakes are buried, not headlined; its dissenters are silenced, not praised. No expenditure is questioned; no rumor is printed; no secret is revealed. It conducts the*

*Cold War in short, with a war-time discipline no democracy would ever hope or wish to match... there is very grave danger that an announced need for increased security will be seized upon by those anxious to expand its meaning to the very limits of official censorship and concealment."*

In 1963 President JFK went on to say, *"Those who make peaceful revolution impossible will make violent revolution inevitable. Today we need a nation of minute men; citizens who are not only prepared to take up arms, but citizens who regard the preservation of freedom as a basic purpose of their daily life and who are willing to consciously work and sacrifice for that freedom."*

**"Thomas Jefferson said,** *I know no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education. This is the true corrective of abuses of constitutional power. Educate and inform the whole mass of the people... They are the only sure reliance for the preservation of our liberty. An enlightened citizenry is indispensable for the proper functioning of a republic. Self-government is not possible unless the citizens are educated sufficiently to enable them to exercise oversight. It is therefore imperative that the nation see to it that a suitable education be provided for all its citizens. "If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be."* - **Thomas Jefferson** -

**Faith - Morality - Law - Education - Liberty**

*“America is like a healthy body and its resistance is threefold: Its Patriotism, its Morality, and its Spiritual Life. If we can undermine these three areas, America will collapse from within.” Joseph Stalin*

*give you good doctrine, forsake ye not my law. For I was my father's son, tender and only beloved in the sight of my mother. He taught me also, and said unto me, Let thine heart retain my words: keep my commandments, and live. Get wisdom, get understanding: forget it not; neither decline from the words of my mouth. Forsake her not, and she shall preserve thee: love her, and she shall keep thee. Wisdom is the principal thing; therefore get wisdom: and with all thy getting get understanding."*

*“Who will govern the governors? There is only one force in the nation that can be depended upon to keep the government pure and the governors honest, and that is the people themselves. they alone, if well informed, are capable of preventing the corruption of power, and of restoring the nation to its rightful course if it should go astray. they alone are the safest depository of the ultimate powers of government.” – Thomas Jefferson*

# ORDER BUSINESS CARDS

God who gave us life gave us liberty. Can the liberties of a nation be secure when we have removed a conviction that these liberties are the gift of God? Indeed I tremble for my country when I reflect that God is just, that His justice cannot sleep forever.
